### EMAIL DATABASE SENDS

#### **ADDITIONAL INFORMATION:**

Prices are for email sends only. Nothing is posted on StockGuru.com as part of the send.

Bookings require a wire to be received no later than 24 hours after the booking no matter what day is booked unless specific arrangements are made. Wire instructions are sent with our invoice immediately upon booking. Our invoice replaces any need for a contract. We can sign the invoice if you need a signature. Please ask us to do so.

We do not seed your email address to the list unless you ask us to do so. Note that if you ever unsubscribed StockGuru during its now 14 year history, your email will never receive emails unless you ask us to remove the block. You are NOT notified that there is a block as you attempt to sign up again, but there is. We do this so that those that don't want to get emails don't accidentally sign up again.

We no longer accept PayPal due to their terms of services as amended in recent years with regard to penny stock services. We know many prefer to use PayPal, but we can no longer accept it as we are subject to reversal of fees if they audit what the transaction is for.

At your request, we will post your official news releases to our website if you are an active client. We will include a disclaimer on the news release that states you are a client. ALL news releases published by Nasdaq's Globe Newswire are published on also published on StockGuru.com as we are a publishing partner with the Globe Newswire. If you publish to Globe, you most likely will have your news published to our site automatically. If you publish to other wires, we have to manually add those at your request. Those are not sent out to our email database.
